## China: Your Next Growth Market

As China accelerates its economic transformation and dual carbon goals, sustainability and renewable energy are at the heart of national strategy. Water has become a critical issue—creating unprecedented demand for advanced solutions across wastewater treatment, integrated water management, and residential consumption.

China's water treatment industry is shifting from basic pollution control to holistic environmental governance. The rise of new energy industries, surging commercial demand, and a growing consumer market for Point of Use/Entry water solutions are creating massive opportunities for innovation and investment.

In this dynamic environment, our exhibition offers you direct access to the Chinese market and a powerful launchpad to Southeast Asia, Japan, Korea, the Middle East, and Europe. Connect with top regional buyers and industry leaders, showcase your cutting-edge products and solutions, and seize new business opportunities in one of the world's most transformative markets.

## WATERTECH — The World's Leading Water Show

WATERTECH CHINA is the world's largest international exhibition for process, drinking and wastewater.

As the ultimate gathering for the global water industry, this highly anticipated 3-day event spans **180,000sqm of exhibition space**, bringing together **2,500+ top-tier exhibitors** and **welcoming 100,000+ professional visitors from over 175 countries** and regions—making it the must-attend platform for global water innovation and business growth.

- 🔹 Enter One of the Fastest-Growing Markets
- 🔹 Engage with Buyers Across 28+ Sectors
- 🔹 Boost Your Global Reach and Brand Influence
- 🔹 Forge Partnerships that Drive Business
- 🔹 Launch and Showcase the Future of Water Tech

With WATERTECH CHINA 2026,  
Your Growth Knows No Limits.  
Step into China's booming water industry and  
unlock new international business potential.
